Overview

Product Summary

The Jumbo Solution is a fully amortizing fixed rate second mortgage which is always closed simultaneously with a Truist standard Agency or Agency Plus fully amortizing first mortgage purchase or limited cash-out (rate/term) refinance transaction (it is not a stand-alone product). ***The guidelines contained in this product description are those of the Jumbo Solution second mortgage and may be more restrictive than the guidelines of the first mortgage product.***

Notes:

- Jumbo Solution transaction must be submitted to Truist for underwriting with the new first mortgage for review and approval.
- Correspondent clients with delegated underwriting authority are NOT eligible to underwrite or approve the eligible first mortgage product and the Jumbo Solution second mortgage.
- In all cases, the second mortgage will be underwritten to the more restrictive of the first mortgage guidelines or the Jumbo Solution second mortgage guidelines.

Under the Jumbo Solution second mortgage, the first and second mortgages will be processed and closed simultaneously; however, they are handled as two (2) separate and distinct transactions. In addition, the loans are serviced individually with separate payments and statements.

Guidelines not addressed in this product description will follow standard Key Loan Program guidelines.

Reference: See [Section 2.06: Key Loan Program](#) of the *Correspondent On-Line Seller Guide* for additional information.
